

“Central Florida will continue to grow and prosper through regional collaboration and partnership. An important way that we at GrayRobinson support the concept of regionalism is through our involvement and investment in the Metro Orlando Economic Development Commission. As the lead organization focused on diversifying and growing our region’s economy, the EDC works hard to make sure businesses have the opportunities, people and resources they need to succeed in Metro Orlando.”

**Fred Leonhardt
EDC Chairman
2007-2008**
